Northeast Center for Special Care Presents Its:

5th Annual Mid-Hudson Brain Injury Rehabilitation Conference

Join us in the beautiful Mid-Hudson Valley for our yearly conference devoted to Traumatic Brain Injury Rehabilitation and Recovery.

“Beyond Recovery: Life After TBI”

Our theme for this year's conference is on the challenge and the *art of living*. We believe that individuals with brain injury would benefit from developing a point of view larger than their disability, one that addresses the challenges of living life to its fullest, regardless of brain injury.

Location: Bard College Annandale-on-Hudson, NY

CEU's applied for.

Northeast Center for Special Care

A Specialty Rehabilitation Program for Traumatic Brain Injury

300 Grant Avenue Lake Katrine, NY 12449 845-336-3500
